General Description

The game *BELL SCATTER* has got a random number generator, which controls the game and presents it as a 5-reel 9-line game on the high-resolution colour screen. Different combinations of the reel-symbols lead to winnings according to the amounts of the winning plan.

The bet per game is 1 - 90 points (in steps of 1). The bet per line is 1 – 10 points.

The bets will be taken off the existing credit at the start of the game.

With the button “Start“ all symbol reels are started at the same time and are stopped one after another.

The win is presented with three, four or five of the same symbols from left to right. Some of the symbols can be replaced with *JOKER* symbols.

The win is calculated according to the actual scores of the reels and can be looked up in the winnings table, by pressing button “Hold-2”.

Pressing “Hold-4” can show the win lines.

Should there be a win situation the winnings can be added to the credit either after another risk game or immediately.

By pressing “Hold-5” the player can start a risk game, or by pressing the “START” button he can add the winnings to CREDIT and play the next game.

Gambling

1.) Reel Gambling

At the risk game the player has got the possibility to place his win and to double or to quadruple it.

In case of wins the risk game carries on infinitely and can be stopped by pressing the button „CANCEL“. In this case the total winnings will be added to the CREDIT and the risk game is completed.

The gambling consists of a circle with x2 and x4 and lose fields. By pressing the “START” button the beam stops. The player can either lose or double his winnings or even increase it four times.

2.) Card Gambling

There are two different types of Card gambling: Red/Black or High/Low. At this risk game the player has got the possibility to place his win and to double it.

In case of wins the risk game carries on infinitely and can be stopped by pressing the button „CANCEL“. In this case the total winnings will be added to the CREDIT and the risk game is completed.

Bonus-Games

The game has got additional-game features like *Bell - Bonus* or *Bug - Bonus*.

Scatter - Bonus

With three, four or five **Bell**-symbols at any position on the screen the player wins the *Bell - Bonus*.

The *Bell - Bonus* automatically initiates free games according to the following table:

3-Bell symbols:	10 free games
4-Bell symbols:	15 free games
5-Bell symbols:	20 free games

Caterpillar - Bonus

When within these free games the **CATERPILLAR**-symbol appears at any position on the center reels of the screen the *Bug - Bonus* will be initiated and the temporary win of the bonus game will be duplicated.

Winnings Table

The winnings table can be called up during the Game Over phase by pressing the button „Hold2“.
